Strong organizational and delegation skills
Excellent oral and written communication skills
Ability to relate effectively with staff, clients, internal and external community agencies
Proficiency in computer software skills such as Microsoft Word and Excel
Ability to perform duties independently

Job Description:

In the Team Leader role you will oversee this program, a counseling staff and the participants' needs and progress. The Team Leader position provides the extraordinary opportunity to manage a program that addresses a niche in our community by providing housing in tandem with addressing co-occurring disorders such as chemical dependency, substance abuse, mental health conditions, developmental disabilities or medical conditions. The Team Leader represents the agency to the community and conducts program administrative review and clinical review. Qualified candidates will have the demonstrated ability to assure continuing process improvement and staff development; and will implement quality improvement initiatives. This position assures program record documentation compliance with agency and regulatory standards. We are seeking applicants who have the ability to supervise, are adaptable to changing needs of a specialized population, possess strong solution based thinking and leadership skills and have a desire to direct a team that provides a supportive environment that allows program participants to gain confidence in self sustainability and independent living while addressing their chemical dependency symptoms.
